# DIRECTORY ASSISTANCE

## FOR ASSISTANCE IN DIALING

If at any time you need the service of an Operator to place or complete a call, dial "0" Operator. When the Operator answers, explain the situation to him/her and he/she will be glad to assist you.

## FOR NATIONWIDE ASSISTANCE – DIAL 411

There is a charge for this service.

You can get the telephone numbers of those businesses and people who have "800" numbers by dialing: **1-888-219-2071**.

## DIRECTORY ASSISTANCE

There will be a charge for each Directory Assistance call. However, there may be credits given for certain Directory Assistance requests. These credits may vary from company-to-company and carrier-to-carrier, contact your local company for further information.

1. When making a request for directory assistance, you are allowed a maximum of two telephone numbers per call.
2. The charge applies whether or not the Directory Assistance Bureau furnished the requested number – such as in the case of non-published numbers.
3. Subscribers who are unable to use a directory because of a visual or physical handicap may apply to your local telephone company to obtain a special waiver from these directory charges.

# OHIO RELAY SERVICE

## OHIO RELAY MAKES TELECOMMUNICATIONS ACCESSIBLE FOR NONSTANDARD PHONE USERS

### WHAT IS OHIO RELAY?

Ohio relay is a free, completely confidential 24-hour public service that makes the use of the telephone possible and a better experience for many thousands of citizens and visitors of the state who are deaf, hard of hearing, deaf-blind, speech-disabled, and hearing.

### HOW DOES OHIO RELAY WORK?

The person dials the toll-free Ohio Relay number and gives the communications assistant (often abbreviated as the CA) the area code and number of the person receiving the call. An example of a Ohio Relay service is a highly trained CA voices the typed comments by the TTY (text telephone) user and types the spoken comments by the other person back to the TTY user. Ohio Relay provides several options to meet the needs of people who do not use the standard telephone.

### HOW TO CONNECT TO OHIO RELAY

Dial:	7-1-1*
TTY:	1-800-750-0750
Voice:	1-800-750-0750
Voice Carry-Over:	1-877-644-6826
Hearing Carry-Over:	1-800-750-0750
Speech-to-Speech:	1-877-750-9097
Spanish Relay:	1-888-269-0678
900 Pay Per Call:	1-900-230-7575

\* Some buildings with a PBX telephone system (often in hotels and offices that have extension numbers) make reaching 7-1-1 not possible. The above 800 numbers can be dialed when not able to get through to 7-1-1.

## CAPTEL® – FREE CAPTIONED PHONE SERVICE

CapTel, short for captioned telephone, users place calls in the same way when dialing with a standard telephone. Utilizing voice recognition technology that displays verbatim captions of the conversation on screen of a telephone or computer screen, the CapTel user can hear and read what the other person is saying.

### LEARN MORE ABOUT OHIO RELAY

#### Ohio Relay Website:

## SERVICES SUPPORTED BY SURCHARGE

A few cents per telephone bill surcharge makes Ohio Relay services possible for the citizens of Ohio. Sprint is the provider of the relay services for Ohio.

# TELEPHONE CUSTOMER RIGHTS & RESPONSIBILITIES

You, as a telephone customer, have many rights and responsibilities. Explanations of some of them are as follows:

## **RESOLVING PROBLEMS AND DISPUTES**

### **Informal Complaints**

If you have a problem with your telephone bill or service, contact the phone company first. You may call or send a letter to the company. The telephone number to your phone company is printed on your bill. The telephone number is also located elsewhere in this directory.

If your concern is not resolved after contacting a customer representative from the phone company, you may ask to speak with a supervisor. If your problem is still not resolved, contact the Public Utilities Commission of Ohio's (PUCO) consumer call center for help. The call center staff will review rules with you, advise you of your rights, and if needed, will work with you and the company to try to solve your problem.

You may reach the PUCO at 1-800-686-7826 (toll free) or for TTY at 1-800-686-1570 (toll free) or 1-614-466-8180, from 8:00 a.m. to 5:00 p.m. weekdays, or visit [www.PUCO.ohio.gov](http://www.PUCO.ohio.gov)

Mail address -

Service Monitoring and Enforcement Dept.  
Public Utilities Commission of Ohio  
180 E. Broad Street  
Columbus, Ohio 43215-3793

Residential customers may also contact the Ohio Consumers' Counsel for assistance with complaints and utility issues at 1-877-742-5622 (toll free) from 8:00 a.m. to 5:00 p.m. weekdays, or visit [www.pickocc.org](http://www.pickocc.org).

### **Formal Complaints**

If you are not able to reach an agreement with the company through the PUCO's informal complaint process, you have the right to file a formal complaint. You may obtain a formal complaint form from the call center representative, by writing to the PUCO or by accessing the PUCO's web page.

If you are a residential customer, you may represent yourself in the formal complaint proceeding or hire an attorney to represent you. The Ohio Consumers' Counsel (OCC) represents residential utility customers in matters before the PUCO. OCC can be contacted toll free at 1-877-742-5622 from 8:00 a.m. to 5:00 p.m. weekdays, or visit [www.pickocc.org](http://www.pickocc.org).

In most instances, business customers must be represented by an attorney.

After you file a formal complaint form, the PUCO determines if reasonable grounds exist for proceeding with your complaint and will notify you as to its determination. If reasonable grounds are found to exist, you will be notified by mail of a date and time for a hearing, to take place at the PUCO offices in Columbus. The PUCO may set a prehearing conference with both the company and you (and your attorney if you have one) for one last attempt to resolve the matter before the scheduled hearing begins.

However, if the case remains unresolved, once the hearing begins you will have the responsibility to prove the merits of the complaint. After the hearing is over, the PUCO will then review all the evidence presented at the hearing and make a decision on the case.

## **ORDERING OR CHANGING SERVICE**

When you order new local service or change your existing local service, your phone company will explain the choices available to you.

If you are a low income consumer, or are currently receiving assistance (such as HEAP, food stamps, etc.) from government agencies, you may be eligible for a discount on your basic local service, a waiver of service establishment fees and deposit, and/or a special payment plan. If you are interested in this assistance, be sure to tell your phone company.

After you've placed your order for new service or for a change to your existing service, you should receive, within ten business days, a welcome letter in the mail (or by e-mail if you signed up over the Internet). The welcome letter will include an explanation of the service(s) ordered, including the price, terms and conditions. It is important that you review this letter to confirm your order. If you believe that the letter does not accurately reflect the service you ordered, you should contact the company immediately. You have 30 days from the postmark of the letter to change your initial order for regulated services at no additional charge.

Your local phone company may charge you a one-time installation or "service establishment" charge when you first establish service and each time you transfer service to a new address. Residential customers establishing basic local exchange service have the option to spread the payment of these charges over three billing periods.

Your local phone company normally must install new local service within five business days of receiving your order, unless you agree to a later date. If you are a residential or small business customer and the company does not provide service within this time frame, you may receive a full or partial waiver of the installation charges.

Your local phone company must also give you a four-hour appointment window for a technician to install service if you need to be present at the premises. If the company misses your scheduled installation appointment, without giving you 24 hours notice, you may be eligible for a waiver of at least one-half of the installation charges for the affected regulated local services.

When you order service and once each year, your local phone company will provide you with a free directory(ies), unless the company chooses to provide free directory assistance. You have a right to receive, upon request, a directory or directories listing all of the extended area service numbers within your local calling areas.

# TELEPHONE CUSTOMER RIGHTS & RESPONSIBILITIES

## REPAIRING YOUR SERVICE

Your local phone company is responsible for repairs and maintenance to the telephone network and outside wires leading up to your home or business. You or the property owner are responsible for the wiring inside your home or business, jacks, and equipment like telephone sets, answering machines, modems, fax machines, etc.

The point where the telephone company's network ends and the inside wiring begins is called the network interface device (NID). Many homes and businesses have located on their premises a NID, which can be used to check whether the problem with your service is your responsibility or the responsibility of the phone company.

If your phone service is not working, contact your company's repair office immediately. If you're not sure whether the problem is your responsibility or the company's responsibility, check in the directory or with your phone company for an explanation as to how to check your NID to see who's responsible and to find out what your repair options and charges are for repairs, if it is your responsibility. If you don't have a NID, the local phone company will diagnose the problem and install a device at no charge. If you rent, check with your landlord prior to scheduling any repairs.

Be aware that if the phone company makes a service trip to your premises and the problem is in the wiring inside your home or business, the repair is your responsibility and you may be required to pay a service charge to the company. You will not be charged if the repair is the company's responsibility.

Your local phone company must also give you a four-hour appointment window for a technician to repair service if you need to be present at the premises. If the company misses your scheduled repair appointment, you may be eligible for a waiver of one-half of one month's charges for the affected regulated local services rendered inoperative.

If the phone company takes more than seventy-two hours to restore your phone service, you may receive a credit on your next bill for one month's charges for the regulated local services rendered inoperative.

## PAYING FOR YOUR SERVICE

The phone company will send you a bill every month and allow you at least 14 days to pay it. If you do not pay your bill on time, the company may disconnect your service. Before disconnecting your service, the phone company must send you a disconnect notice at least seven days before the shut-off date.

If you cannot pay your entire bill, contact the phone company. You may be able to keep part of your service if you pay enough to cover the charges for basic phone service, or you may be able to work out a payment plan with the company to keep your service. Be aware that payment to an unauthorized payment agent does not guarantee same day posting to your payment.

Your service cannot be disconnected after 12:30 p.m.,

if the possibility of service reconnection on the next day is not a possibility. Should your service be disconnected, contact the company to find out what you need to do to have it restored.

You may have to pay a fee and/or a deposit to have your service reconnected.

Toll blocking, along with other blocking services, are available to help manage your bill. To learn more about blocking options such as blocks to 900 services, collect calls, third party calls, or pay-per-use features, contact your phone company. Some or all of these options are free of charge.

If you have a billing dispute, and you have made an informal or formal complaint to the PUCO, the company will not disconnect your service if you pay the undisputed portion of the bill. While the complaint is being investigated, you must pay all current undisputed amounts and continue discussion with the company to settle the complaint.

## PRIVACY OPTIONS

Two options are available to prevent your phone number from displaying on a Caller ID device. Per call blocking is provided with your service at no additional charge. To use this, dial \*67 from touch-tone phones (rotary dial 1167) before each call you want blocked. Per line blocking, available for an additional charge, will block all your calls. Using this service, you may unblock individual calls by dialing \*82 (rotary dial 1182). If you wish to have per line blocking, you should contact your local phone company and request it. Due to technical limitations, either service (per-call blocking or per-line blocking) may not be able to block the appearance of your phone number on caller ID devices when you dial an "800" number. The monthly rate for per line blocking will not exceed the monthly rate for a non-published number service. Further, there will be no additional monthly charge for per-line blocking to customers who subscribe to a non-published number service.

## SLAMMING

You have the right to choose your local and long distance providers. No one can switch your providers without your permission. This is called slamming, and it is illegal. If you are slammed, you must contact your chosen company to re-establish service with that company. You must also contact the company which slammed you to cancel service with them and to arrange for any credits or refunds. If you are not satisfied after these calls, contact the PUCO call center.

## CRAMMING

If your bill has charges on it for services you did not order, that is called cramming. Cramming is illegal. If these charges appear on your bill, call your local phone company and let them know you have been crammed. If the charges are from another company, they may also require you to call the cramming company to have them take you off their customer list. Otherwise, the charges may reappear on your next bill. If you are not satisfied after these calls, contact the PUCO call center.

# TELEPHONE LAWS

Ohio law (Section 4931.31 Revised Code) makes punishable offenses of certain acts in connection with use of the telephone. The law reads in part as follows:

“No person shall, while communicating with any other person over a telephone, threaten to do bodily harm or use or address to such other person any words or language of a lewd, lascivious, or indecent character, nature or connotation for the sole purpose of annoying such other person, nor shall any person telephone any other person repeatedly or cause any person to be telephoned repeatedly for the sole purpose of harassing or molesting such other person or his family.”

“Any use, communication, or act prohibited by this section may be deemed to have occurred or to have been committed at either the place at which the telephone call was made or was received.”

Section 4931.99 provides:

“Whoever violates Section 4931.31 of the Revised Code shall be fined not more than five hundred dollars or imprisoned not more than six months, or both.”

# LIFELINE PROGRAM

The Lifeline program is a federal program that provides a monthly benefit on home or wireless phone and broadband service to eligible households. The Lifeline benefit can lower or eliminate the cost of your monthly phone or internet bill. Only one benefit is available per household; either phone service (home or wireless) or internet (home or mobile), but not both. Federal rules prohibit qualifying consumers from receiving more than one Lifeline discount per household. Consumers violating this one per household rule may be subject to criminal and/or civil penalties.

Lifeline service is a non-transferable benefit available to eligible low-income consumers in every state, and on Tribal lands. You must be eligible to enroll, and you must reconfirm your eligibility with the service provider annually. Eligible consumers can receive up to \$9.25 per month in Lifeline discounts.

Consumers may qualify by either having an income that is at or below 135% of the federal poverty guidelines (proof of income is required) or participate in one of the following assistance programs (proof of participation is required):

- Medicaid
- Supplemental Nutrition Assistance Program (SNAP)
- Supplemental Security Income (SSI)
- Federal Public Housing Assistance
- Veterans Pension and Survivors Benefit Program
- Tribal Programs

Lifeline customers of traditional wireline companies receive the following benefits:

- Do not pay service connection charges
- Do not pay a deposit to establish service
- Do not pay the access recovery charge
- Receive a monthly basic service charge discount of \$5.25
- Do not pay charges related to the Universal Service Fund and Local number portability
- Can receive free “toll blocking” and blocking for 900/976 telephone numbers to prohibit all outgoing long distance calls
- Customers must pay or make payment arrangements for outstanding bills

More information about eligibility, how to apply for Lifeline benefits, or what to do if your household is receiving more than one discount, is available at the Universal Service Administrative Company's website [www.usac.org](http://www.usac.org). You may also call the Federal Communications Commission at 1-888-225-5322, or call your local landline or wireless company.

# NETWORK INTERFACE DEVICE

In 1987, the Federal Communications Commission (FCC) required telephone companies to relinquish responsibility for maintaining the telephone wire and telephone jacks inside the customer's home and business. This meant that the maintenance of these two items became your responsibility. Inside wire includes the wire from the point where the telephone company's outside wire enters your home or business up to and including the telephone jack(s). The telephone company is responsible for repairs to outside wires.

When your telephone service isn't working properly, the cause may be the telephone(s) you own, the wiring inside your home or business, or the telephone company's wiring outside your home or business. Where the problem is determines who is responsible for repairs. If you rent, please be aware that your landlord may be responsible for the repair of inside wiring.

If your building is equipped with a Network Interface Device (see diagram), you will be able to determine whether a problem is in your inside wiring or in the wiring outside your home or business.

A Network Interface Device (NID) is the point of demarcation between the telephone company's network and the inside wiring.

To test if the problem is in your phone or inside wiring, remove the existing plug (2) by pressing the retainer clip and gently pulling forward on the plug. Plug your phone directly into the Network Interface. If the phone operates, the fault may be in your inside wiring. If the phone is in good working order but does not operate, your telephone company's outside wiring may need repair.

If your home or business does not have a NID in place and you cannot ascertain with certainty where the service difficulty is, the telephone company will come to your home or business at no charge to

diagnose the problem and install a NID at no charge during this premise visit.

## HOW DO YOU FIX AN INSIDE WIRE WHEN A PROBLEM EXISTS?

1. You may fix the trouble yourself.
2. Have a third party fix it for you.
3. Have the telephone company fix it for a time and material charge (premium rate after hours and on weekends).

## TO AVOID A SERVICE CHARGE

If you own your telephone and/or other related equipment and experience trouble with your telephone service, take the steps below to try to isolate the difficulty.

1. See that all cords are firmly plugged in.
2. See that all handsets are in place.
3. If you cannot make an outgoing call, unplug all of your phones, answering machines, etc. At various jacks, test each phone individually by plugging it in and making a test call to a friend or neighbor. Continue until you find the phone that doesn't work. You may also try to use your phone(s) at a friend or neighbor's house. If an individual phone does not work at any of your jacks or your neighbor's jacks, the trouble is probably in that phone. If all phones work at your neighbor's jack but not your own, the trouble is probably in your inside wiring or outside cable.
4. If you have difficulty receiving calls, follow the steps above, but have someone try to return your call.

As always, the Telephone Company is responsible for repairs to outside wires and cable. If you have any questions, please contact your local business office.

# GENERAL INFORMATION

## **YOUR TELEPHONE COMPANY**

is locally owned and locally operated. In order to receive good service, cooperation between the telephone company and the public is very important. A few suggestions to help establish good service are:

1. Answer calls promptly and courteously, preferably with your name, or name of business firm.
2. Avoid the use of profane, vulgar, or abusive language over the line as it is an intolerable and fineable offense.
3. Do not permit the telephone equipment or service to be abused in any way or anyone to interfere with the instrument or wires who is not known to be an employee of the Company.
4. All EAS numbers are Toll-Free - All ten digits must be dialed.

## **HARASSING CALLS**

The following are some recommendations on how to deal with obscene or harassing phone calls:

- Say hello only once,
- Do not talk or listen,
- Hang up gently so as not to let the caller know you are angry or upset,
- Write down the date & time of the call.

If the calls continue, contact your phone company. If you receive a threatening call, report it to the police immediately.

The company may be able to offer you additional tips on how to deal with the harassing calls. The company may place a trace on your line to determine who is placing the calls. The caller may then be warned of potential legal action and possible disconnection of phone service if the calls continue.

Some companies now offer a service that permits you to dial a code to automatically trace the number of a caller. You must follow up with the phone company if you use this service. Contact your local company to see if it offers other call management tools that can help you deter unwanted calls of any type.

## **USE OF RESIDENCE TELEPHONES FOR BUSINESS PURPOSES**

Residence Telephones are installed with the understanding that they will be used for normal social or domestic purposes.

A Residence Telephone will be changed to Business Service if used primarily or substantially for business purposes, or if the residence telephone number is advertised in connection with the sale of products or services and the subscriber has no business service elsewhere within our system.

# LONG DISTANCE DIALING DIRECTIONS

## *YOUR AREA CODE IS 419/567*

### **Station-to-Station Calls**

*within* the 419/567 area:

**1 + 419/567 + Number**

*outside* the 419/567 area:

**1 + Area Code + Number**

### **Person-to-Person, Collect, and Calling Card Calls**

*within* the 419/567 area:

**"0" (OPERATOR) + 419/567 + Number**

*outside* the 419/567 area:

**"0" (OPERATOR) + Area Code + Number**

After you have dialed, tell the Operator what kind of call you want to make. Certain information will be requested from you in order to complete your call.

**person calls** – give the name of the person you are calling.

**collect calls** – say "collect" and give your name.

**calling card calls** – give your calling card number.

## *TO REACH LONG DISTANCE DIRECTORY ASSISTANCE*

Dial 411.

Tell the Operator the city or town, then the name or place you want.

There is a charge for this service.

## *IF YOU REACH A WRONG NUMBER*

Dial "OPERATOR" immediately and tell what happened. You will not be charged for the call.

## *YOU WILL NOT BE CHARGED*

If you hang up before you dial the complete number.

# INTERNATIONAL DIALING

## **OPERATOR-ASSISTED CALLS**

To dial person-to-person, collect, calling card and billed to a third number international calls, follow the instructions on the next page but use "01" for the International Access Code. After the call is dialed, the Operator will come on the line to ask for information such as the name of the person you are calling or your calling card number. After dialing any international call, allow at least 45 seconds for the ring to start.

## **ADDITIONAL ASSISTANCE OR INFORMATION**

Dial "00" (Operator) if you need assistance:

1. To obtain a telephone number you don't know.
2. To obtain City Routing Codes not listed in this section.
3. For help in completing a call.
4. For credit on a call on which you had difficulty, e.g., reached a wrong number.

To find a City Code or for more information on international dialing, please visit one of the following websites:

[http://www.allareacodes.com/international\\_dialing\\_codes.htm](http://www.allareacodes.com/international_dialing_codes.htm)

[http://time\\_zone.tripod.com](http://time_zone.tripod.com)

<http://countrycode.org>

## **TO PLACE A CALL TO THE BAHAMAS, BERMUDA, CANADA, PUERTO RICO, AND THE VIRGIN ISLANDS**

Calls to these points can be dialed in the same manner as long distance calls within the United States. Simply dial "1" plus the appropriate Area Code and the local number. Area Codes are on page 8-12.

# INTERNATIONAL DIALING CODES

International Direct Distance Dialing — For station-to-station calls dial 011 + number. For person-to-person, credit card for collect calls, dial 01 + number. To get international operator, dial 010.

## TO MAKE DIRECT DIAL CALLS USE THE CHART BELOW AND DIAL:

## TO MAKE OPERATOR ASSISTED CALLS USE THE CHART BELOW AND DIAL: (Or Call Your Long Distance Company)

## CUSTOM CALLING SERVICES

---

**CALL FORWARDING** – Allows a customer to automatically transfer all incoming calls.

**CALL WAITING** – Allows a telephone user to place a call on hold and answer an incoming call.

**CANCEL CALL WAITING** – Allows a customer, on a per call basis, to cancel the call waiting feature VIA access code dialing.

**CALL TRANSFER** – Allows a customer to transfer calls to another number.

**THREE-WAY CALLING** – Allows a customer to add a third party to an existing connection, thereby establishing a three-way conference call.

**SPEED DIALING** – Allows for the calling of a 7- or 10-digit telephone number by dialing an abbreviated code. 8-number or 30-number capacity available.

**DIRECT LINE** – Provides a signaling arrangement whereby a predetermined 7- or 10-digit number will be automatically dialed when customer's telephone is off the hook and no digits are dialed within 15 or 20 seconds.

**CODE OR TOLL RESTRICTION** – Allows calls to be denied either by code or toll restriction.

*Custom Calling services are available to single party customers only.*

---

## CUSTOM LOCAL AREA SIGNALING SERVICES (CLASS)

**AUTOMATIC CALLBACK** – Redials last outgoing number.

**AUTOMATIC RECALL** – Enables a customer to return last incoming call.

**CALLER ID** – Allows customer to view the telephone number of the calling party.

**PER CALL BLOCKING – PER LINE BLOCKING** – Allows customer to prevent disclosure of his/her telephone number by either per call or all calls.

**SELECTIVE CALL FORWARDING** – Allows customer to create a special list of telephone numbers and a destination number to call forward to.

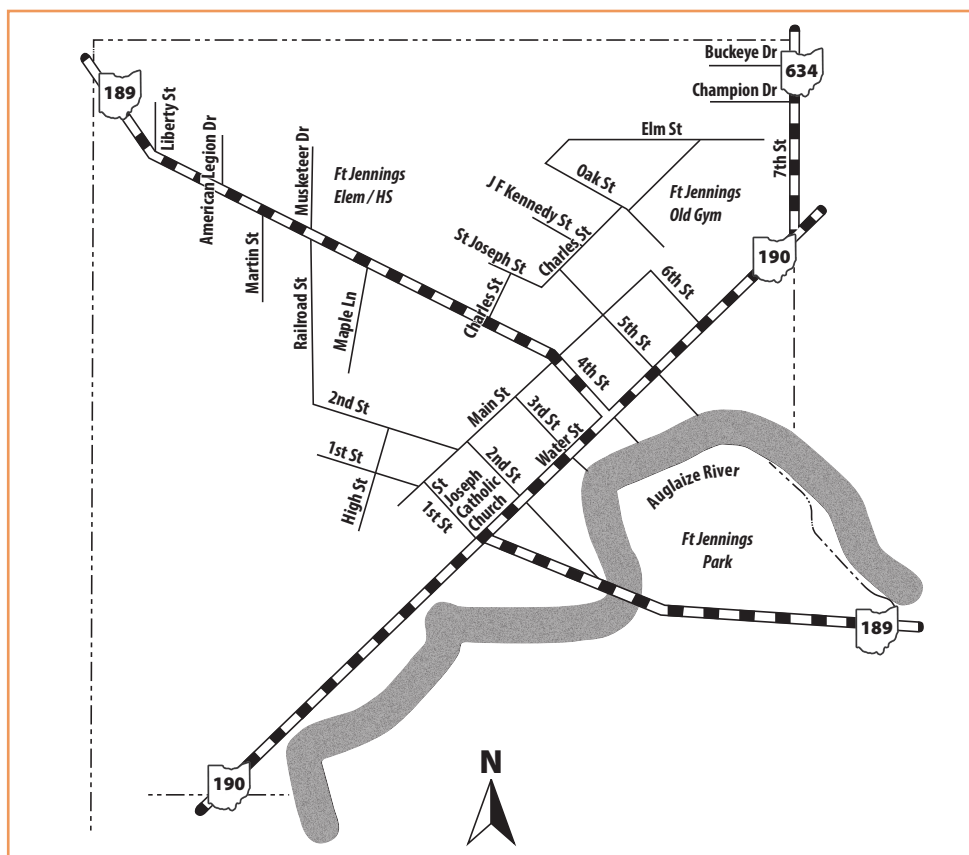

**DISTINCTIVE RINGING** – Allows customer to designate several numbers to be recognized immediately by means of distinctive ringing signal.

**SELECTIVE CALL REJECT** – Provides customer with method of blocking calls from certain numbers.

**SELECTIVE CALL ACCEPT** – Provides customer with a method of accepting calls from certain numbers.

*Class features cannot be functional unless both the called and calling parties are served by, and the call is routed through, appropriately equipped central offices.*

## FACTS ABOUT GLANDORF

### SCHOOL AND CHURCH

The Glandorf School system supports children in grades kindergarten through 8th grade. St. John the Baptist Church is one of the most beautiful churches in the area. St. John the Baptist offers preschool for ages 3-5.

### RECREATION

Glandorf has a wonderful park with several ball diamonds, shelter houses, and play equipment for children of all ages. A great place for a picnic, a family gathering or just a place to enjoy the outdoors. Deters Park located at the north end of town has several soccer fields and baseball diamonds.

### GOVERNMENT AND TAXES

The Village of Glandorf has a mayor and six council members, along with a Fiscal Officer. The council meets once a month at the City Building. They are responsible for financial planning, law enforcement, and many other duties. The Tax Office is also located in the City Building. Glandorf has its own Post Office and a volunteer Fire Department.

### UTILITIES

Glandorf Fi-Optics/Glandorf Telephone Co. Inc. serves the public with local and long distance telephone service. We offer DSL High Speed Internet over fiber optics & Video (TV) with HD channels. We offer home networking services with fiber optics and streaming TV. Wireless routers/mesh networks are available to purchase or rent.

The Glandorf water and sewer office is located in the city building. The community is served by American Electric Power and Paulding-Putnam Electric.

### MEDICAL

St. Rita's Putnam County Ambulatory Care Center is one of a few freestanding Emergency departments in the State of Ohio. Other offices at the site include Klass Family Medicine for medical needs. Dr. Michaud and Dr. Kentner can provide your eye care, Dr. Darla Lammers and Dr. Zach Klausing for chiropractic needs and massages, and Dr. Anthony Nigro for your dental needs.

## CALLING FEATURES

**AUTOMATIC CALL BACK \*66** – automatically re-dials the last outgoing number dialed.

**AUTOMATIC RECALL \*69** – automatically re-dials the last incoming call.

**CALL FORWARDING** – allows you to automatically transfer incoming calls to a designated number. Once on your line \*72 to activate and \*73 to deactivate.

**CALLER ID** – displays the number of the caller on a special unit.

**CALLER NAME** – displays the name of the caller on a special unit.

**CALL WAITING** – will inform you of incoming calls while talking to another party.

**CANCEL CALL WAITING** – you can cancel your call waiting on a per-call basis.

**DISTINCTIVE RING (TEEN SERVICE)** – allows a second directory number to ring into your home with a distinctive ring.

**PER CALL BLOCKING \*67** – blocks call on a call-by-call basis. (no charge)

**PER LINE BLOCKING** – prevents your number from being displayed on all outgoing calls.

**SELECTIVE CALL REJECTION** – blocks calls from certain selected numbers.

**THREE-WAY CALLING** – connect a second party while having the first party on hold.

**UNBLOCK \*82** – unblocks a line on a per call basis. This is only on lines that have the block on. (no charge)

*Call for details and pricing on these features.*

CLASS features cannot be functional unless both the called and calling parties are served by, and the call is routed through, appropriately equipped central offices.

## CALLING FEATURES

**AUTOMATIC CALLBACK** – automatically re-dials the last outgoing number dialed.

**AUTOMATIC RECALL \*69** – automatically re-dials the last incoming call.

**CALL FORWARDING** – allows you to automatically transfer all incoming calls.

**CALL SCREENING** – allows you to create a list of phone numbers from which you do not wish to receive calls.

**CALL TRACE** – traces the last incoming call received on your phone.

**CALL WAITING** – allows you to place a call on hold and answer an incoming call.

**CALLER ID** – allows customers to view the telephone number and name of the calling party.

**CANCEL CALL WAITING** – you can cancel your call waiting on a per call basis.

**PER CALL BLOCKING \*67** – prevents your number from being displayed on a call-by-call basis.

**PER LINE BLOCKING** – prevents your number from being displayed on all outgoing calls.

**PERSONAL RINGING** – allows you to have up to three telephone numbers with unique ringing patterns.

**PREFERRED CALL FORWARDING** – allows you to create a list of phone numbers that are to be forwarded to a certain number.

**PRIORITY RINGING** – allows you to program your line to ring with a special ringing pattern whenever called from a select list of phone numbers.

**SPECIAL CALL ACCEPTANCE** – accepts calls from certain selected numbers only.

**SPEED DIALING** – allows for the calling of a telephone number by dialing an abbreviated code. 8-number or 30-number capacity available.

**TELEMARKETING DO NOT DISTURB** – block any telemarketer calling you, whether they are in-state or out-of-state, that has an unknown or unavailable number.

**THREE-WAY CALLING** – connect a second party while having the first party on hold.

**VOICE MAIL** – lets callers leave a message when you are not home or when your line is busy. Retrieve messages from any phone.

**WARM LINE** – allows you to call a predesignated number by simply lifting the handset.

Custom Local Area Signaling Services (CLASS) features cannot be functional unless both the called and calling parties are served by, and the call is routed through, appropriately equipped central offices.

## FACTS ABOUT KALIDA

### **BANKING AND FINANCING**

The Union Bank Co. and the Huntington Bank are full service banks providing a wide variety of services to area customers.

### **SCHOOLS AND CHURCHES**

Kalida Elementary School houses grades K through 4, and Kalida High School, grades 5 through 12. Two churches in Kalida and several more in the area service the community with different denominations.

### **CLUBS AND ORGANIZATIONS**

Kalida Area Chamber of Commerce, Kalida Lions Club, Kalida Athletic Boosters, Putnam County Historical Society, Kalida Fish & Game, Kalida Music Boosters, Alter & Rosary Society, Catholic Ladies of Columbia, Holy Name Society, Putnam County Library (Kalida Branch), Boy Scouts of America, Girl Scouts of America, Knights of Columbus, Kalida Sew and Sew (Girls 4-H Club), and Kalida Go-Getters (Boys 4-H Club).

### **RECREATION**

Kalida has two parks, Froggy Park and Four Seasons Park. There are soccer fields, tennis courts, pickleball courts, and basketball courts. The Putnam County Youth Soccer League sponsors soccer for boys and girls, ages 6 through 14. The Holy Name Society sponsors baseball and softball leagues for boys and girls, ages 6 through 14 during the summer. Moose Landing Country Club is an 18-hole public course three miles north of Kalida.

### **GOVERNMENT AND TAXES**

Kalida has a Post Office. Kalida's Town Council meets the first and third Mondays at 7:30 p.m. in the Town Hall. Kalida also has a volunteer fire department and EMS. City income tax, water, and sewage bills can be paid at the Village Office.

### **UTILITIES**

The Kalida Telephone Co. serves the area with telephone and cablevision services. It also serves the area with internet through bright.net. American Electric Power and Paulding-Putnam Electric serves the town and area with electricity. Kalida has their own water and sewage system.

### **GENERAL**

Kalida has a Medical Arts Building with a doctor and certified nurse practitioners on the main level. A chiropractor, physical and massage therapist, and Lima Path Labs located on the lower level.

## CUSTOM CALLING SERVICES

**CALL FORWARDING** – Allows a customer to automatically transfer all incoming calls.

**CALL WAITING** – Allows a telephone user to place a call on hold and answer an incoming call.

**CANCEL CALL WAITING** – Allows a customer, on a per call basis, to cancel the call waiting feature VIA access code dialing.

**CALL TRANSFER** – Allows a customer to transfer calls to another number.

**THREE-WAY CALLING** – Allows a customer to add a third party to an existing connection, thereby establishing a three-way conference call.

**SPEED DIALING** – Allows for the calling of a 7- or 10-digit telephone number by dialing an abbreviated code. 8-number or 30-number capacity available.

**DIRECT LINE** – Provides a signaling arrangement whereby a predetermined 7- or 10-digit number will be automatically dialed when customer's telephone is off the hook and no digits are dialed within 15 or 20 seconds.

**CODE OR TOLL RESTRICTION** – Allows calls to be denied either by code or toll restriction.

*Custom Calling services are available to single party customers only.*

## CUSTOM LOCAL AREA SIGNALING SERVICES (CLASS)

**AUTOMATIC CALLBACK** – Redials last outgoing number. Local calls only.

**AUTOMATIC RECALL** – Enables a customer to return last incoming call. Local calls only.

**CALLER ID** –

- 1) Allows customer to view the telephone number of the calling party.
- 2) Allows customer to view the name and telephone number of the calling party.

**CALL WAITING ON CALLER ID** – Provides customer with name and/or telephone number of person trying to reach him/her while on another call.

**PER CALL BLOCKING – PER LINE BLOCKING** – Allows customer to prevent disclosure of his/her telephone number by either per call or all calls.

*CLASS features cannot be functional unless both the called and calling parties are served by, and the call is routed through, appropriately equipped central offices.*

# CHILD ABDUCTION

## Many abduction attempts...

- Involve a suspect driving a vehicle
- Occur when the child is traveling to or away from school
- Occur between 2 p.m. – 7 p.m.
- Involve girls and children between the ages of 10-14

## The top five methods used during abduction attempts are...

- Offering a ride
- Offering candy or sweets
- Asking questions
- Offering money
- Offering, looking for or showing an animal

- Know the routes your children take, especially to and from school. Practice walking the routes with them so you can point out places they should avoid or where they can go for help.
- Talk to your child's school or day care facility about its pickup policy. Be clear that no one should pick up your child without your permission. Ask to be contacted immediately if someone else tries to pick up your child.
- Use role-playing scenarios to help children learn how to recognize and respond to risky situations. For example, have children practice yelling, kicking, pulling away or otherwise attracting attention when grabbed or approached by someone they do not know.
- Teach your child about the methods would-be abductors use. Have your child practice responding to the tricks by saying "no," walking away and telling a trusted adult immediately.
- Prepare children to act when you are not with them. They should know their full names, home addresses and telephone numbers, and how to dial 911.
- Keep a child identification kit, which includes a recent color photo of your child and descriptive details such as age, height and weight. [For more information about creating a kit visit www.missingkids.com/ChildID.](http://www.missingkids.com/ChildID)

## RETHINK "STRANGER DANGER"

- **DON'T SAY:** Never talk to strangers.
- **SAY:** You should not approach just anyone. If you need help, look for a uniformed police officer, a store clerk with a nametag, or a parent with children.
- **DON'T SAY:** Stay away from people you don't know.
- **SAY:** It's important to get my permission before going anywhere with anyone.
- **DON'T SAY:** You can tell someone is bad just by looking at them.
- **SAY:** Pay attention to what people do. Tell me right away if anyone asks you to keep a secret, makes you feel uncomfortable, or tries to get you to go with them.

If your child is missing, contact your local law-enforcement agency immediately.  
Then make a report to the National Center for Missing & Exploited Children® at:

**1-800-THE-LOST® (1-800-843-5678).**

# CHILD

## Identification Page

The Child Identification Page is being provided as a community service. This identification form is to aid parents in compiling important information about their children. This information can be very important and should be kept in a safe place. If your child is missing, take this information to your local law enforcement agency.

# INTERNET SAFETY

Parents should be aware of what their kids see and hear on the Internet, who they meet, and what they share about themselves. Talk with your kids, use tools to protect them, and keep an eye on their activities.

## ONLINE PROTECTION TOOLS

Online tools let you control your kids' access to adult material and help protect them from Internet predators. Many Internet service providers (ISPs) provide parent-control options. You can also get software that helps block access to sites and restricts personal information from being sent online. Other programs can monitor and track online activity.

## GETTING INVOLVED IN KIDS' ONLINE ACTIVITIES

More important than blocking objectionable material is teaching your kids safe and responsible online behavior, and keeping an eye on their Internet use.

### ***Basic guidelines to share with your kids for safe online use:***

- Never post or trade personal pictures.
- Never reveal personal information, such as address, phone number, or school name or location.
- Use only a screen name and don't share passwords (other than with parents).
- Never agree to get together in person with anyone met online without parent approval and/or supervision.
- Never respond to a threatening email, message, post, or text.
- Always tell a parent or other trusted adult about any communication or conversation that was scary or hurtful.

### ***Basic guidelines for parental supervision:***

- Spend time online together to teach your kids appropriate online behavior.
- Keep the computer in a common area where you can watch and monitor its use, not in individual bedrooms. Monitor any time spent on smartphones or tablets.
- Bookmark kids' favorite sites for easy access.
- Check your credit card and phone bills for unfamiliar account charges.
- Find out what, if any, online protection is offered by your child's school, after-school center, friends' homes, or any place where kids could use a computer without your supervision.
- Take your child seriously if he or she reports an uncomfortable online exchange.

---

Call the National Center for Missing and Exploited Children at (800) 843-5678 if you're aware of the sending, use, or viewing of child pornography online. Contact your local law enforcement agency or the FBI if your child has received child pornography via the Internet.

# FIRST AID INFORMATION

A well-stocked first aid kit with a manual is a necessity in every home. **You should keep one first aid kit in your home and one in each vehicle.** Also, be sure to bring a first aid kit on family vacations.

Choose containers for your kits that are roomy, durable, easy to carry, and simple to open. Plastic tackle boxes are ideal, since they're lightweight, have handles, and offer lots of space.

## INCLUDE THE FOLLOWING ITEMS IN EVERY FIRST AID KIT:

### Bandages & Gauzes

Sterile Gauze  
Adhesive Tape  
Adhesive Bandages  
Elastic Bandage  
Antiseptic Wipes  
Soap

### Medicines

Triple-Antibiotic Cream  
Antiseptic Solution H<sub>2</sub>O<sub>2</sub>  
Hydrocortisone Cream (1%)  
Anti-Inflammatory  
Pain Killers  
Calamine Lotion

### Medical Equipment

Tweezers  
Sharp Scissors  
Safety Pins  
Instant Cold Packs  
Alcohol Wipes  
Thermometer  
Plastic Gloves

**Additional Items:** Flashlight with extra batteries, a list of emergency numbers

## AFTER YOU'VE STOCKED YOUR FIRST AID KITS:

- Read the entire first aid manual so you'll understand how to use the contents of your kits. (If your kids are old enough to understand, review the manuals with them.)
- Store first aid kits in places that are out of children's reach but easily accessible for adults.
- Check the kits regularly. Replace missing items or medicines that may have expired.
- Check the flashlight batteries to make sure they work.
- If you're flying, be sure to pack the first aid kit in your checked luggage. Many of the items won't be permitted in your carry-on bags.
